for children & families

## 2019 ANNUAL REPORT

### A message from the **EXECUTIVE DIRECTOR**

2019 was a year of growth, stretching, and added vision for NewDay Services; and our programs served hundreds of families across North Texas by empowering parents to create safe and loving homes for their children.

Recently, a graduate of our FOCUS for Mothers program told her story of how NewDay helped her turn her life around and create a brighter future for her and her children. When Elizabeth was first introduced to FOCUS for Mothers, she was homeless and living in the woods behind the Marshall Grain building. After a failed first attempt to get sober, she was given a second chance to restart her service plan with CPS and was referred to NewDay. Elizabeth grasped ahold of the tools given to her in class and completed her services. Elizabeth now has full custody of her children and is working toward her Bachelor's degree in Social Work. Elizabeth truly created a brighter future for her family. THIS is why we do what we do. Read the full story here.

2019 was truly a launching pad into the future. NewDay is equipped and ready to empower more mothers and fathers to create bright futures for their children.

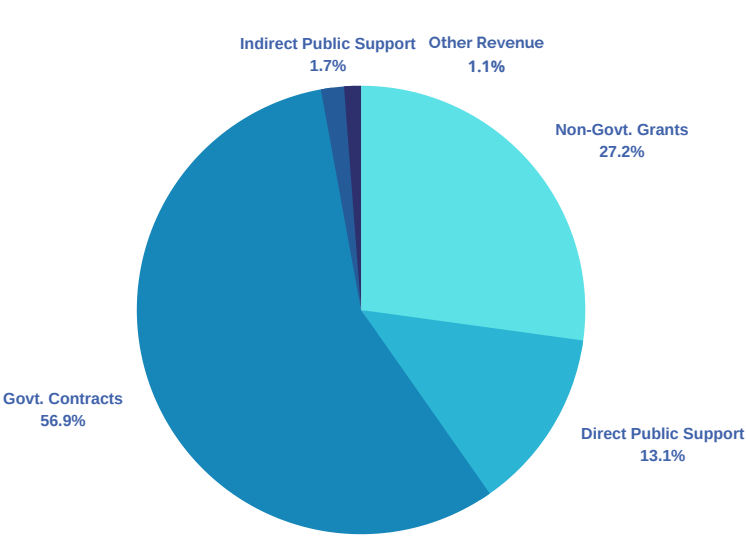

**Looking forward,**
