REAL HELP FOR PEOPLE NEEDING CHANGE TODAY!

OUR MISSION

NEWDAY SERVICES ENHANCES CHILDREN'S LIVES BY EMPOWERING THEIR PARENTS — OFFERING THEM HOPE AND INSPIRATION THROUGH PRACTICAL TOOLS & LIFE COACHING.

ABOUT US

NewDay Services rebuilds children's lives by helping fathers and mothers gain the tools they need to redirect their lives. We provide Chaplaincy, Family Services, Healthy Parenting, and Mentor Navigation Services throughout North Texas.

AT OUR CORE

OUR GOD

is the all-powerful, all-knowing creator of all things—the Father, Son and Holy Spirit as one. God loves His creation and He is full of truth and grace.

OUR CALLING

Transformed by God's love, we are called to serve those with whom we come in contact and to share the love He so freely gives us. We are people serving people.

OUR NEIGHBORS

Created in the image of God, the people we serve are valuable and unique. They come to NewDay broken by family crisis, seeking to change their circumstances.

OUR SERVICE

We meet people at the point of their need. We walk beside them providing inspiration, vision, practical tools and life coaching. This gives families the opportunity to embrace sustainable change for themselves and their children.

KEY STRATEGIC INITIATIVES

CHAPLAINCY

Pastoral Care and support to families/children at the Tarrant County Family Courts and Juvenile Justice Center.

FAMILY SERVICES

Provide tools and training to resolve conflict and coach parents toward cooperative parenting.

Anger Resolution | Case Mediation

Co-Parenting | Individual Counseling

HEALTHY PARENTING

Assist mothers and fathers to maximize their positive influence in the lives of their children and to deal positively with life stresses.

MENTOR-NAVIGATION

Provide a dedicated point of contact to help mothers and fathers gain the confidence and skills toward economic stability, responsible parenting, healthy relationships and community connections.

HEALTHY PARENTING STORIES:

FATHERHOOD: EFFECT

"I'm called a career criminal by the state. NewDay said I am a man, a father...not weak...a strong father figure. NewDay has helped me be a better person, all the way, every day. This program opens your eyes and gives you a foundation and stability—a foundation to build what you need for your future and the future of your family. Thank you!" Anthony, Recent Fatherhood: EFFECT graduate

FOCUS FOR FATHERS

"The first night I thought, screw this. But in the next few weeks I began to understand how my baby (7 month old daughter) needs me to be her father. As a father, I have an important influence in her life! I cannot mess up any more with alcohol. I can't relapse. She needs me to step up to the plate. It makes me want to work harder for her." FOCUS for Fathers Program participant

"When I walked into CPS I had a negative perception of them and they had a negative perception of me. Working through the FOCUS for Fathers Class, I have been able to change those perceptions. That is an awesome feeling."

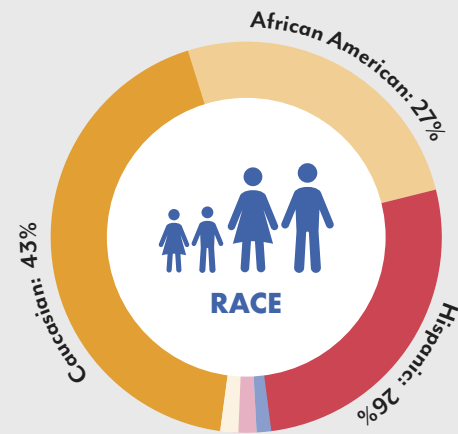

FOCUS FOR MOTHERS

"Parenting class (FOCUS for Mothers) has made me learn a lot on how to value the ones I love. I have learned how to control my anger and my own attitude. I know that I must accept people for who they are, and stop trying to control others. I learned that my child is looking up to me to be the role model. I have to demonstrate the qualities that I want to pass on to my daughter. I am sorry for the bad choices I made, but I love my daughter so much. I hope that one day soon she will find it in her heart to forgive me." FOCUS for Mothers Program participant.
